### Tortoise Capital Resources Corp. Releases Second Quarter 2012 Financial Results

FOR IMMEDIATE RELEASE

**LEAWOOD, Kan.** – July 5, 2012 – Tortoise Capital Resources Corp. (NYSE: TTO) today announced its financial results for the second quarter ended May 31, 2012.

#### Highlights

- **Second quarter distribution of \$0.11 with guidance of no less than \$0.44 annualized for 2012**
- **TTO book value per share of \$10.47 as of May 31, 2012, compared to \$10.37 per share last quarter**
- **Subsequent to the quarter end, TTO's largest private holding, High Sierra, completed a merger with NGL Energy Partners, LP**

#### Quarterly Performance Review

TTO's book value per share was \$10.47 as of May 31, 2012, compared to last quarter's \$10.37 per share. The fair value of the investment securities portfolio, excluding short-term investments, at May 31, 2012 was \$78.8 million, with \$53.3 million of private securities and \$25.5 million of publicly traded securities. The investment securities portfolio increased \$2 million, as compared to Feb. 29, 2012. Of the increase, a \$4 million loss is attributable to trading securities and a \$6 million increase comes from other equity securities. High Sierra, one of the major holdings in the portfolio, drove most of the increase in equity securities.

TTO expects 2012 to be a year of transition during which the company seeks to execute a plan of obtaining REIT status by 2013. During the 2012 calendar year, assets acquired by TTO, if any, will be expected to create tax depreciation in order to shield all or a significant portion of any incremental income created by possible acquisitions.

#### Private Company Update

The fair value in VantaCore increased approximately \$669,000 or 7% from February 29, 2012. The increase is attributable to VantaCore's continued improved performance, driven by cost cutting initiatives and the price increases that have gone into effect. VantaCore also completed its acquisition of Laurel Aggregates, LLC. VantaCore was unable to meet its minimum quarterly distribution of \$0.475 per unit for its quarter ended March 31, 2012. TTO 17,421 preferred units and \$0.23 in cash per common and preferred unit.

The fair value of Lightfoot decreased approximately \$862,000 or 9.1% from the valuation at February 29, 2012. The decrease was driven by Lightfoot's adjusted downward forecast for 2012. Lightfoot paid a quarterly distribution of \$0.21 per unit, equal to the amount paid in the previous quarter.

The fair value of High Sierra increased approximately \$6.3 million or 21.6% during the quarter primarily due to the announcement of the now completed transaction. High Sierra paid a quarterly distribution of \$0.30 per unit, equal to the amount paid in the previous quarter.

Subsequent to the end of the quarter, NGL Energy Partners, LP and certain of its affiliates (collectively NGL) completed a merger with High Sierra and certain of its affiliates. TTO expects to receive approximately \$9.4 million in cash and approximately 1.2 million newly issued units of NGL. Based on NGL's closing price on June 19, 2012, and excluding any discount for restriction, the value of the NGL units expected to be received by TTO is approximately \$28.2 million, implying aggregate consideration of approximately \$37.6 million. TTO originally invested approximately \$26.8 million in High Sierra. The NGL units are not subject to a lock-up agreement, however, they can only be sold pursuant to an exemption from the Securities and Exchange Commission (SEC)'s registration requirements, such as Rule 144.

## **Distribution Guidance**

On May 7, 2012, TTO declared a distribution of \$0.11 per share. The distribution was paid on June 1, 2012 to stockholders of record on May 24, 2012. The dividend reinvestment amounted to 3.2 percent of the total. TTO's portfolio of real property assets and investment securities generate cash flow from which it pays distributions to stockholders. As of the second quarter 2012, the most significant source of stockholder distributions continues to be the distributions from investment securities. TTO continues to believe that its investments should support a sustainable annualized distribution of not less than \$0.44 per share.

NGL has announced that its management intends to recommend to the NGL Board an increase in the annual distribution on its units to \$1.65. Distributions by NGL at that rate are expected to generate an anticipated \$495,000 per quarter for us, beginning with the distribution for the quarter ending September 30, 2012. TTO expects to receive one third of that distribution for the quarter ending June 30, 2012.

## **Changes in Financial Reporting**

As a result of the withdrawal of TTO's election to be regulated as a BDC, it is no longer regulated by the Investment Company Act of 1940. The reporting conforms to the format more commonly used by REITs. The 10-Q as filed for the period ended May 31, 2012 reports TTO's second quarter financial results. As stated in the 10-K for the year ended Nov. 30, 2011, the consolidation of Mowood, LLC began when TTO withdrew its election to be treated as a BDC and began reporting financial results in accordance with general corporate reporting guidelines versus the AICPA Investment Company Audit Guide. Due to this transition, comparable prior year financial statements should be read in conjunction with the Management's Discussion & Analysis. Items on the consolidated statement of income for the period ended May 31, 2011 have been reclassified and aggregated to conform to the presentation of results of operations for the period ended May 31, 2012. Due to the change in strategy, income from investment securities is now reported in other income. Components of cash flows for the period ended May 31, 2011 have also been reclassified and aggregated to conform to the presentation of cash flows for the period ended May 31, 2012.

With plans to liquidate securities and transition the funds into the purchase of assets that will permit TTO to qualify as a REIT, TTO is reporting the gains (losses) on the securities transactions as Other Income and separate from Income from Operations.
